FOR IMMEDIATE RELEASE

## **TERENCE WAY EARNS NAFI MASTER INSTRUCTOR ACCREDITATION**

**KALAMAZOO, MI — 09/04/2020**

The National Association of Flight Instructors is proud to announce that NAFI member Terence Way has earned accreditation as a NAFI Master Flight Instructor. This is Way's second consecutive NAFI Master Instructor accreditation.

Way's first solo was in a Cessna 172 in Goodland, Kansas, with Heather Pittman as endorsing instructor. His flying career extends from Hawaii - as a check airman for "Ohana By Hawaiian" inter-island passenger airline - to Boeing 737s in Alaska, sometimes even landing them on gravel strips! Way is currently instructing with the Civil Air Patrol.

"I vividly remember the encounter that set me on the path to becoming an instructor - 'You want to really learn how to fly? Try teaching someone else!' Well, the circle was completed when I repeated the exact same words to a recent initial CFI candidate, who passed his checkride on the first attempt."

*The **NAFI Master Flight Instructor Accreditation** is earned by aviation educators based upon a system of advanced professional standards and peer review. The accreditation identifies and publicly recognizes those teachers of flight who demonstrate an ongoing commitment to excellence, professional growth, and service to the aviation community. The NAFI Master Instructor accreditation is for two years and may be used to renew an FAA flight instructor certificate. Applicants must have been a CFI for*

*two years and have given 1,000 hours of flight instruction. In addition, candidates must meet and document activity in four NAFI Master Instructor categories (Instructor, Educator, Service to the Aviation Community, and Professional Activity).*

*Members of the **National Association of Flight Instructors** work as independent instructors, at flight schools, universities, FBOs, corporate flight departments and in the military. Since 1967, NAFI and its members, who teach in 30 countries, are dedicated to increasing and maintaining the professionalism of flight instruction. NAFI members influence active pilots daily: students working to become pilots, current pilots training to advance their skills with new ratings or certificates and pilots who seek to improve their skills with recurrent training. NAFI also serves as an advocate with industry and government as a voice for flight instruction. NAFI helps shape the current and future direction of flight training. For more information about NAFI or the NAFI Master Instructor program call **866-806-6156** or visit [www.NAFINet.org](http://www.NAFINet.org).*
