FOR IMMEDIATE RELEASE

ALEXANDER D. CROSETT III EARNS NAFI MASTER INSTRUCTOR ACCREDITATION

KALAMAZOO, MI — 5/10/2022 The National Association of Flight Instructors is proud to announce that NAFI member Alexander D. Crosett III has earned accreditation as a NAFI Master Flight Instructor.

Crosett has been flight instructing since the age of 18 and enjoys working with pilots at every learning stage. He's currently teaching in Cirrus aircraft as a Cirrus Standardized Instructor Pilot (CSIP) at Mike Goulian Aviation, a Platinum Cirrus Training Center in the Boston area. He says working for Mike Goulian and with his team has been the highlight of his flight instruction career.

With more than 4,300 hours of flight time and over 1,300 hours of instruction, Crosett is rated as a FAA Gold Seal Flight Instructor. He holds Airline Transport Pilot and Flight Instructor certificates in both airplanes and helicopters and is an Advanced and Instrument Ground Instructor.

In addition to flight instructing to pay for his college education, Crosett flew for air ambulance, freight, and charter organizations, and for a Part 121 commuter airline in New England. Lex is also a Cirrus SR22 owner and active Angel Flight command pilot.

*The **NAFI Master Flight Instructor Accreditation** is earned by aviation educators based upon a system of advanced professional standards and peer review. The accreditation identifies and publicly recognizes those teachers of flight who demonstrate an ongoing commitment to excellence, professional growth, and service to the aviation community. The NAFI Master Instructor*

accreditation is for two years and may be used to renew an FAA flight instructor certificate. Applicants must have been a CFI for two years and have given 1,000 hours of flight instruction. In addition, candidates must meet and document activity in four NAFI Master Instructor categories (Instructor, Educator, Service to the Aviation Community, and Professional Activity).

*Members of the **National Association of Flight Instructors** work as independent instructors, at flight schools, universities, FBOs, corporate flight departments and in the military. Since 1967, NAFI and its members, who teach in 30 countries, are dedicated to increasing and maintaining the professionalism of flight instruction. NAFI members influence active pilots daily: students working to become pilots, current pilots training to advance their skills with new ratings or certificates and pilots who seek to improve their skills with recurrent training. NAFI also serves as an advocate with industry and government as a voice for flight instruction. NAFI helps shape the current and future direction of flight training. For more information about NAFI or the NAFI Master Instructor program call **866-806-6156** or visit www.NAFINet.org.*
