FOR IMMEDIATE RELEASE

CHRISTOPHER ROTHE EARNS NAFI MASTER INSTRUCTOR ACCREDITATION

KALAMAZOO, MI — 10/2/2019

The National Association of Flight Instructors is proud to announce that NAFI member Christopher Rothe has earned accreditation as a NAFI Master Flight Instructor.

Rothe started flying gliders with the Civil Air Patrol, earning his glider instructor rating at 16. A graduate of Metro State University in Denver, he joined the Air Force Reserve as a C-130 Aircraft Commander and instructor at Peterson AFB, transferring to the academy in 2014

as a soaring instructor. He currently flies Airbus A-319/320s for a major airline, and is a USAF Reserve evaluator and instructor for the Air Force Academy soaring-racing team.

*The **NAFI Master Flight Instructor Accreditation** is earned by aviation educators based upon a system of advanced professional standards and peer review. The accreditation identifies and publicly recognizes those teachers of flight who demonstrate an ongoing commitment to excellence, professional growth, and service to the aviation community. The NAFI Master Instructor accreditation is for two years and may be used to renew an FAA flight instructor certificate. Applicants must have been a CFI for two years and have given 1,000 hours of flight instruction. In addition, candidates must meet and document activity in four NAFI Master Instructor categories (Instructor, Educator, Service to the Aviation Community, and Professional Activity).*

*Members of the **National Association of Flight Instructors** work as independent instructors, at flight schools, universities, FBOs, corporate flight departments and in the military. Since 1967, NAFI and its members, who teach in 30 countries, are dedicated to*

*increasing and maintaining the professionalism of flight instruction. NAFI members influence active pilots daily: students working to become pilots, current pilots training to advance their skills with new ratings or certificates and pilots who seek to improve their skills with recurrent training. NAFI also serves as an advocate with industry and government as a voice for flight instruction. NAFI helps shape the current and future direction of flight training.
