FOR IMMEDIATE RELEASE

JOSEPH R. BERTAPELLE EARNS NAFI MASTER INSTRUCTOR ACCREDITATION

KALAMAZOO, MI — 1/28/2021

The National Association of Flight Instructors is proud to announce that NAFI member Joseph R. Bertapelle has earned accreditation as a NAFI Master Flight Instructor.

Bertapelle owns the Augusta Flight Center, a flight school at August Municipal Airport in Augusta, Kansas. He arrived in Wichita in late 2006 as a KC-135 navigator for the United States Air Force, going on multiple

TDYs and seven deployments. He became a USAF Instructor and Evaluator for the Navigator Schoolhouse, obtaining several squadron and group level awards. Bertapelle received Honorary Discharge from the air force in 2012 as captain for mission-planning software, working on base as an independent contractor for another 7 years to support both the KC-135 and the new KC-46.

He created Joe Bravo Aviation, LLC. to diversify his student base and offer flight instruction to the public. Teaching flight instruction at multiple airports in his spare time, his bolstered reputation afforded him the opportunity to teach at Beechcraft's Cessna Flying Club; a rare exception to its employee-only stipulation. In 2019, Bertapelle was sought out to teach at Flight Safety International in the Caravan G1000 program until 2020 when downsizing from the COVID-19 pandemic furloughed him. Through this seemingly unfortunate circumstance, he has been able to focus his efforts entirely on Augusta Flight Center, becoming its owner in August 2020. It now has a current fleet of 11 planes, ranging from the Cessna 172 through the Beech Sierra. He is checked out in over 50 different models of GA aircraft and

routinely travels to meet students, maintaining a competitive level of expertise, proficiency, and flexibility. He offers instruction of all levels on advanced avionics in aircraft, aerobatic maneuvers, commercial, IFR, tailwheel, and upset training. He has his CFI, CFII, MEII, AGI, Remote Pilot, Aircraft Dispatcher, Gold Seal Certificates, and is the Vice President of IAC 119 chapter, which recently awarded four Aerobatic Scholarships to AFC to help students pursue their dreams of aerobatic instruction.

*The **NAFI Master Flight Instructor Accreditation** is earned by aviation educators based upon a system of advanced professional standards and peer review. The accreditation identifies and publicly recognizes those teachers of flight who demonstrate an ongoing commitment to excellence, professional growth, and service to the aviation community. The NAFI Master Instructor accreditation is for two years and may be used to renew an FAA flight instructor certificate. Applicants must have been a CFI for two years and have given 1,000 hours of flight instruction. In addition, candidates must meet and document activity in four NAFI Master Instructor categories (Instructor, Educator, Service to the Aviation Community, and Professional Activity).*

*Members of the **National Association of Flight Instructors** work as independent instructors, at flight schools, universities, FBOs, corporate flight departments and in the military. Since 1967, NAFI and its members, who teach in 30 countries, are dedicated to increasing and maintaining the professionalism of flight instruction. NAFI members influence active pilots daily: students working to become pilots, current pilots training to advance their skills with new ratings or certificates and pilots who seek to improve their skills with recurrent training. NAFI also serves as an advocate with industry and government as a voice for flight instruction. NAFI helps shape the current and future direction of flight training. For more information about NAFI or the NAFI Master Instructor program call **866-806-6156** or visit www.NAFINet.org.*
