FOR IMMEDIATE RELEASE

MATTHEW P.R. MCDANIEL EARNS NAFI MASTER INSTRUCTOR ACCREDITATION

KALAMAZOO, MI — 7/16/2021 The National Association of Flight Instructors is proud to announce that NAFI member Matthew P.R. McDaniel has earned accreditation as a NAFI Master Flight Instructor. This is McDaniel's 10th consecutive NAFI Master Instructor accreditation.

McDaniel has been an active CFI for almost 30 years and has specialized in Cirrus and other Technically Advanced Aircraft instruction for the past 20 years. In that capacity, he is a Platinum Cirrus Standardized Instructor Pilot. He also enjoys teaching in antique taildraggers, such as the Globe/Temco Swift, has flown over 100 aircraft types, and holds eight turbine

aircraft type ratings. As a freelance aviation author, McDaniel has published well over 100 articles in a dozen or so aviation magazines and online. He currently flies as an Airbus A-320-Series Captain for a major U.S. airline. As the founder and owner of Progressive Aviation Services, LLC, he operates out of his home area of Milwaukee, where he lives with his wife and two children.

*The **NAFI Master Flight Instructor Accreditation** is earned by aviation educators based upon a system of advanced professional standards and peer review. The accreditation identifies and publicly recognizes those teachers of flight who demonstrate an ongoing commitment to excellence, professional growth, and service to the aviation community. The NAFI Master Instructor accreditation is for two years and may be used to renew an FAA flight instructor certificate. Applicants must have been a CFI for two years and have given 1,000 hours of flight instruction. In addition, candidates must meet and document activity in four NAFI Master Instructor categories (Instructor, Educator, Service to the Aviation Community, and Professional Activity).*

Members of the **National Association of Flight Instructors** work as independent instructors, at flight schools, universities, FBOs, corporate flight departments and in the military. Since 1967, NAFI and its members, who teach in 30 countries, are dedicated to increasing and maintaining the professionalism of flight instruction. NAFI members influence active pilots daily: students working to become pilots, current pilots training to advance their skills with new ratings or certificates and pilots who seek to improve their skills with recurrent training. NAFI also serves as an advocate with industry and government as a voice for flight instruction. NAFI helps shape the current and future direction of flight training.
