FOR IMMEDIATE RELEASE

## **SARAH ROVNER EARNS NAFI MASTER INSTRUCTOR ACCREDITATION**

**KALAMAZOO, MI — 10/28/2019**

The National Association of Flight Instructors is proud to announce that NAFI member Sarah Rovner has earned accreditation as a NAFI Master Flight Instructor. This is Rovner's second NAFI Master Instructor accreditation.

Rovner is currently a FAA Safety Team Lead Representative and 757/767 pilot for a major U.S. airline. She holds an ATP, CFI, CFII, MEI and has flown over 5300 hours with 1500 hours of instruction

given. Rovner has flown over 124 different types of airplanes in 15 different countries including oceanic crossings in small aircraft.

She is the owner and chief pilot of FullThrottle Aviation; which was launched in 2013 as a small flight school and grew to an international business with over 20 pilots moving airplanes around the world today. She continues to stay involved in general aviation through her leadership roles and volunteering for different aviation organizations. Although much of her flying is now in jetliners, she enjoys flying and instructing in her Super Cub, Patches, on her days off. As a regular fly-in attendee of Oshkosh, she says she enjoys the company and camaraderie that General Aviation brings.

*The **NAFI Master Flight Instructor Accreditation** is earned by aviation educators based upon a system of advanced professional standards and peer review. The accreditation identifies and publicly recognizes those teachers of flight who demonstrate an ongoing commitment to excellence, professional growth, and service to the aviation community. The NAFI Master Instructor accreditation is for two years and may be used to renew an FAA flight instructor certificate. Applicants must have been a CFI for two years and have given 1,000 hours of flight instruction. In addition, candidates must meet and document activity in four NAFI Master Instructor categories (Instructor, Educator, Service to the Aviation Community, and Professional Activity).*

*Members of the **National Association of Flight Instructors** work as independent instructors, at flight schools, universities, FBOs, corporate flight departments and in the military. Since 1967, NAFI and its members, who teach in 30 countries, are dedicated to increasing and maintaining the professionalism of flight instruction. NAFI members influence active pilots daily: students working to become pilots, current pilots training to advance their skills with new ratings or certificates and pilots who seek to improve their skills with recurrent training. NAFI also serves as an advocate with industry and government as a voice for flight instruction. NAFI helps shape the current and future direction of flight training.
