FOR IMMEDIATE RELEASE

STEVE GOETZ EARNS NAFI MASTER INSTRUCTOR ACCREDITATION

KALAMAZOO, MI — 11/5/2019

The National Association of Flight Instructors is proud to announce that NAFI member Steve Goetz has earned accreditation as a NAFI Master Flight Instructor. This is Goetz's fifth NAFI Master Accreditation.

Goetz says he has been interested in flying since he was a kid. In his decade as a CFI, he's earned an ATP,

Remote Pilot – SUAS, gold seal CFI, CFII, MEI, AGI, IGI, and A&P. In 2008, he began flight instructing for Southern Illinois University Carbondale (SIUC), where he is currently an Assistant Professor and Assistant Chief Flight Instructor under their Part 141 certificate providing both flight training and student evaluation for the university. In addition to his work for SIUC, Goetz is a FAA Designated Pilot Examiner (DPE) as well as a FAA Safety Team Representative. Goetz also serves with the Civil Air Patrol (CAP) as a check pilot, mission pilot, and deputy commander for his local unit.

*The **NAFI Master Flight Instructor Accreditation** is earned by aviation educators based upon a system of advanced professional standards and peer review. The accreditation identifies and publicly recognizes those teachers of flight who demonstrate an ongoing commitment to excellence, professional growth, and service to the aviation community. The NAFI Master Instructor accreditation is for two years and may be used to renew an FAA flight instructor certificate. Applicants must have been a CFI for two years and have given 1,000 hours of flight instruction. In addition, candidates must meet and document activity in four NAFI Master Instructor categories (Instructor, Educator, Service to the Aviation Community, and Professional Activity).*

Members of the **National Association of Flight Instructors** work as independent instructors, at flight schools, universities, FBOs, corporate flight departments and in the military. Since 1967, NAFI and its members, who teach in 30 countries, are dedicated to increasing and maintaining the professionalism of flight instruction. NAFI members influence active pilots daily: students working to become pilots, current pilots training to advance their skills with new ratings or certificates and pilots who seek to improve their skills with recurrent training. NAFI also serves as an advocate with industry and government as a voice for flight instruction. NAFI helps shape the current and future direction of flight training.
