FOR IMMEDIATE RELEASE

JAMES ARCHER EARNS NAFI MASTER INSTRUCTOR ACCREDITATION

KALAMAZOO, MI — 11/09/2022 The National Association of Flight Instructors is proud to announce that NAFI member James Archer has earned accreditation as a NAFI Master Flight Instructor. This is Archer's second NAFI Master Accreditation.

Archer is a certificated airline transport pilot for multi and single engine land aircraft. With more than 14 years as an instructor, he holds training certificates in instrument, single, and multi-engine aircraft as well as instrument and advanced ground instructor. Archer specializes in instrument training, instrument proficiency checks, flight reviews, and advanced ratings and certificates. He says he enjoys teaching aeronautical decision making, safety, and professionalism. His aviation experience encompasses 200 aircraft models including cabin class aircraft and the Beechcraft King Air 90. He has also received ground and flight training for the Boeing 737.

In August 2020, Archer was approved as a FAASTeam Representative and assigned as a remedial CFI by the FAA Atlanta FAASTeam Program Manager. Other activities include assisting the Transportation Education Foundation of Georgia with advanced flight and ground training curriculum development, as well as with SkillsUSA Georgia Conferences.

*The **NAFI Master Flight Instructor Accreditation** is earned by aviation educators based upon a system of advanced professional standards and peer review. The accreditation identifies and publicly recognizes those teachers of flight who demonstrate an ongoing commitment to excellence, professional growth, and service to the aviation community. The NAFI Master Instructor accreditation is for two years and may be used to renew an FAA flight instructor certificate. Applicants must have been a CFI for*

two years and have given 1,000 hours of flight instruction. In addition, candidates must meet and document activity in four NAFI Master Instructor categories (Instructor, Educator, Service to the Aviation Community, and Professional Activity).

*Members of the **National Association of Flight Instructors** work as independent instructors, at flight schools, universities, FBOs, corporate flight departments and in the military. Since 1967, NAFI and its members, who teach in thirty countries, are dedicated to increasing and maintaining the professionalism of flight instruction. NAFI members influence active pilots daily: students working to become pilots, current pilots training to advance their skills with new ratings or certificates and pilots who seek to improve their skills with recurrent training. NAFI also serves as an advocate with industry and government as a voice for flight instruction. NAFI helps shape the current and future direction of flight training. For more information about NAFI or the NAFI Master Instructor program call **866-806-6156** or visit www.NAFINet.org.*
