FOR IMMEDIATE RELEASE

## **JAY NABORS EARNS NAFI MASTER INSTRUCTOR ACCREDITATION**

**KALAMAZOO, MI — 12/09/2021** The National Association of Flight Instructors is proud to announce that NAFI member Jay Nabors has earned accreditation as a NAFI Master Flight Instructor. This is Nabors' second NAFI Master Accreditation.

Nabors has been flying since 1975. He holds a private pilot rotorcraft/helicopter; Commercial ASEL, ATP AMEL certificates and a SIC type rating in a Citation CE500. He has been a flight instructor since 2014 and holds CFI, CFII, MEI, AGI, and IGI instructor ratings. He is an FAA Team

representative and has organized several ATC townhalls to connect the general aviation community with ATC controllers. Nabors has served aviation in a variety of roles including aviation flying club board of directors member, mentoring to newly minted CFIs, and conducted Children's Flight of Hope and Pilot's and Paws flights. He is an FAA designated pilot examiner with over 200 checkrides conducted in the last year. He holds examining authority for private, commercial and instrument ASEL as well as flight instructor initial, renewal and reinstatement ASEL. His other flying passions include corporate flying in a Diamond DA-42 and DA-62, Pilatus PC-12, Kingair 250 and a Citation V.

*The NAFI Master Flight Instructor Accreditation is earned by aviation educators based upon a system of advanced professional standards and peer review. The accreditation identifies and publicly recognizes those teachers of flight who demonstrate an ongoing commitment to excellence, professional growth, and service to the aviation community. The NAFI Master Instructor accreditation is for two years and may be used to renew an FAA flight instructor certificate. Applicants must have been a CFI for two years and have given 1,000 hours of flight instruction. In addition, candidates must meet and document activity in four NAFI Master Instructor categories (Instructor, Educator, Service to the Aviation Community, and Professional Activity).*

Members of the **National Association of Flight Instructors** work as independent instructors, at flight schools, universities, FBOs, corporate flight departments and in the military. Since 1967, NAFI and its members, who teach in 30 countries, are dedicated to increasing and maintaining the professionalism of flight instruction. NAFI members influence active pilots daily: students working to become pilots, current pilots training to advance their skills with new ratings or certificates and pilots who seek to improve their skills with recurrent training. NAFI also serves as an advocate with industry and government as a voice for flight instruction. NAFI helps shape the current and future direction of flight training.
