NAFI ASSOCIATE MASTER FLIGHT INSTRUCTOR ACCREDITATION

The NAFI Associate Master Flight Instructor accreditation is a national accreditation that may be earned by aviation instructors and educators based upon a system of advanced professional standards and peer review. The accreditation granted by NAFI serves a dual purpose. First, it identifies and officially recognizes those who demonstrate an ongoing commitment to excellence, professional growth, and service to the aviation community. Second, it sets professional standards to which all aviation instructors and educators can aspire.

The purpose of this accreditation is to identify the practitioners of aviation instruction that have reached a higher level of instructional activity, educational experience, and professional service to the flight training community. These individuals have truly become masters within the field of aviation instruction and education. This accreditation is focused specifically on activity of the individual and the experience they have gained and are able to offer those they have instructed and educated. It is focused on active instruction, not on simply taking courses or on the length of time an individual has held an instructor's certificate. Thus, it is not an honorary award recognizing longtime service as an instructor, but rather recognition of the individual that continues to practice aviation education at a higher level.

The accreditation requires a rigorous process of continuing professional activity. Like a flight instructor certificate, it must be renewed on a periodic basis. To promote continuous involvement in the aviation community, designees must remain active and renew their accreditations every 24-calendar months. The NAFI Associate Master Flight Instructor accreditation acknowledges an individual's continuing professional growth and involvement in a broad spectrum of aviation endeavors.

Benefits of NAFI Associate Master Flight Instructor Accreditation

- Recognition by their professional aviation education association that they have achieved a level of professionalism and excellence that exceeds government/industry minimums.
- A certificate of accreditation as a NAFI Associate Master Flight Instructor;
- A 7" x 9" laser engraved plaque of accreditation as a NAFI Master Flight Instructor;
- News releases and e-mail accreditation announcements including NAFI eMentor, bi-monthly NAFI Mentor Magazine, and Social Media accounts (Facebook, Twitter, LinkedIn, Instagram)
- Use of NAFI Associate Master wings to create special NAFI Associate Master Flight Instructor identity items;
- Special listings on NAFI's website both within the member's profile, and as part of NAFI's Master Recognition Webpage www.nafinet.org/accredited-nafi-master-instructors
- Ability to use the accreditation as a reference source for future employment;
- Opportunity for future higher earning potential and professional advancement;
- Substantial discounts on flight instructor liability insurance from Avemco Insurance;
- For schools with more than one NAFI Master Instructors on staff, special flight school plaques are available.

1. Eligibility Requirements

Candidates for the NAFI Associate Master Certificated Flight Instructor accreditation must meet the following minimum eligibility requirements. A candidate must:

- Have a minimum of 500 hours of instruction given. (For the NAFI Associate Master Flight Instructor accreditation, this time must be flight instruction);
- Be a NAFI member in good standing;
- Be of good moral character [*i.e.*, FAR 61.153(c)];
- Maintain NAFI membership during the term of accreditation;
- Subscribe to and abide by NAFI's Code of Ethics;
- Have demonstrated involvement and leadership in the local aviation community;

Candidates must present a minimum of 16 CEUs for activities completed within the 24-calendar months immediately prior to issuance of the NAFI Associate Master Flight Instructor accreditation.

CEU is a continuing education unit. The CEU is used to quantify an instructor's activity level as a part of the application process. Approximately 15 hours of work equals 1 CEU.

You should claim the amount of credit you feel is warranted for the activity and provide your justification for credit claimed. For this reason, it is important to provide detailed descriptions of the activity (or the actual work) that was completed, and time spent on it so that it may be given fair credit. The final CEU value is determined by the NAFI Master Instructor Board of Review after considering **the time expended and quality of the activity** during the review of an applicant's documentation package.

The required minimum of 16 CEUs must meet the following criteria:

- A.** At least eight (8) CEUs must come from at least two different "INSTRUCTOR" category activities, (4 must be considered ACTIVE Instruction in an aircraft or FAA Approved Training Device/Simulator)
- B.** At least two (2) CEUs must come from the "EDUCATOR" category,
- C.** At least two (2) CEUs from two different activities must come from the "SERVICE TO THE AVIATION COMMUNITY" category
- D.** At least two (2) CEUs from two different activities must come from the "PROFESSIONAL ACTIVITY" category.

Candidates are cautioned that each activity submitted must be stand-alone with no duplication within the categories.

2. Application Process

Each applicant for NAFI Associate Master Flight Instructor accreditation shall complete an application package consisting of the following documentation:

Note: Application packages can be in digital or paper format. If digital, please send either a usb storage device, or a CD/DVD storage disk containing all the needed files. Files accessible using Google docs, Dropbox, or other cloud storage is acceptable, but individuals should contact NAFI Program Director John Niehaus (jniehaus@nafinet.org) with access information prior to registration.

A. A NAFI Associate Master Flight Instructor Application (Form MI-A-1)

The applicant shall provide the requested information on form MI-A-1 and have it signed. It is important to note that if the application is for a NAFI Associate Master Flight Instructor accreditation he or she must also attach documentation such as certified logbook entries or Part 135, 121 or 142 company records indicating that he or she has given a minimum of 500 hours of aircraft, simulator or approved ATD/FTD instruction.

B. A Completed Portfolio of Professional Development form (Form MI-A-2.)

The applicant shall submit a completed Portfolio of Professional Development (Form MI-A-2) that summarizes (lists) each of the activities claimed under each professional development category and the number of CEUs claimed.

C. Competed Activity Completion Form (Form MI-A-3) for each activity claimed for CEU credit along with either the included Sponsor Affidavit or substantiating documentation of the activity

Listed categories on the "Example NAFI Associate Master Flight Instructor Activities" (Table 1) show multiple examples of activities that qualify for CEU credit. However, this list is not intended to be all-inclusive. If the applicant's activity does not identically match any of the activities listed, the NAFI Master Flight Instructor Board of Review will review it for accreditation. In that case, describe the activity on the required Activity Completion Form (Form MI-3) and attach appropriate supporting documentation. The NAFI Master Flight Instructor Board of Review will evaluate the activity and assign the appropriate number of CEUs. **The number of CEUs granted for a particular activity is a function of the time spent completing that activity and the perceived "quality" of that activity.**

Sample forms for documenting the active instruction portions of the credits can be found in forms MI-A-7a through MI-A-7H at the end of this document. These forms or similar lists are acceptable forms of documentation of these activities.

National Association of Flight Instructors

D. Completed References Page (From MI-A-4)

Applicants are asked to provide three (3) references that can attest to their activity. These can be FAA officials, students, supervisors, or anyone familiar with their activity history while acting as an instructor. Though not required, applicants are strongly encouraged to include at least one FAA reference from the local Flight Standards District Office as this will facilitate the background checking that is done in the review process. If they are unable to provide an FAA FSDO reference, then they **MUST** provide a reference from a current aviation related employer or contractor.

E. Resume

A complete resume (of no more than three (3) pages) must be included in the application packet. This should include applicants total flight time and instruction given. The applicant should also include a work history.

3. The Evaluation Process

The NAFI staff checks each portfolio for completeness. The staff also reviews the portfolio to assure that the candidate meets all eligibility requirements. The application packet is then sent to the NAFI Master Flight Instructor Board of Review for a detailed evaluation of each submitted activity. **Particular attention is directed to the activity's documentation** as well as inclusive dates and time spent completing the activity. Typical turnaround time for complete and properly documented portfolios is three weeks.

The NAFI Master Instructor Board of Review will review all received NAFI Associate Master Flight Instructor portfolios.

Please note that the two problems most frequently encountered are:

- A. Missing or incomplete Activity Completion Forms (Form MI-A-3) and
- B. Inadequate activity documentation.

If the applicant initially does not fulfill all accreditation requirements or if activity documentation is not adequate, s/he is contacted and afforded an opportunity to either provide additional information or withdraw the application from consideration. If the candidate still does not meet all requirements, the application is denied. Applicants wishing to appeal a denial must do so in writing to NAFI's Executive Director within thirty (30) days.

Checking an applicant's professional references is the final step in the review process. Routinely, local FAA representatives, aviation related employers or supervisors, local pilot examiners and similar members of the applicant's professional community in the local area are contacted.

National Association of Flight Instructors

5. Submission of Completed Application Portfolios

Applicants are ***strongly encouraged*** to use the **Portfolio Submission Checklist (Form MI-A-5)** to submit complete and well substantiated NAFI Associate Master Flight Instructor portfolios. These portfolios, as well as all paperwork generated by NAFI during the review and approval process are retained by NAFI and must be able to withstand a thorough audit by authorized FAA and/or industry representatives.

Completed portfolios should be mailed to:

US Postal Service/FedEx/UPS:
