FOR IMMEDIATE RELEASE

SARAH ROVNER EARNS NAFI MASTER INSTRUCTOR ACCREDITATION

KALAMAZOO, MI — 09/29/2017

The National Association of Flight Instructors is proud to announce that NAFI member Sarah Rovner has earned accreditation as a NAFI Master Flight Instructor.

Rovner is a FAA Safety Team Lead Representative from Houston, TX who enjoys educating general aviation and airline pilots. She is the owner and Chief Pilot of FullThrottle Aviation, specializing in

international ferry flights as well as vintage and tailwheel aircraft. She is also an FTD Instructor for new hires and upgrades at a part 121 airline and conducts procedures validations and training on crew resource management, threat and error management, and emergency procedures. Having flown over 114 different types of airplanes in challenging environments, her unique perspective and experience extends beyond the airlines and she uses it to educate and mentor others.

*The **NAFI Master Flight Instructor Accreditation** is earned by aviation educators based upon a system of advanced professional standards and peer review. The accreditation identifies and publicly recognizes those teachers of flight who demonstrate an ongoing commitment to excellence, professional growth, and service to the aviation community. The NAFI Master Instructor accreditation is for two years and may be used to renew an FAA flight instructor certificate. Applicants must have been a CFI for two years and have given 1,000 hours of flight instruction. In addition, candidates must meet and document activity in four NAFI Master Instructor categories (Instructor, Educator, Service to the Aviation Community, and Professional Activity).*

Members of the **National Association of Flight Instructors** work as independent instructors, at flight schools, universities, FBOs, corporate flight departments and in the military. Since 1967, NAFI and its members, who teach in 30 countries, are dedicated to increasing and maintaining the professionalism of flight instruction. NAFI members influence active pilots daily: students working to become pilots, current pilots training to advance their skills with new ratings or certificates and pilots who seek to improve their skills with recurrent training. NAFI also serves as an advocate with industry and government as a voice for flight instruction. NAFI helps shape the current and future direction of flight training. For more information about NAFI or the NAFI Master Instructor program call **866-806-6156** or visit www.NAFINet.org.
